

COVID-19 UPDATE TESTING IN WASHINGTON STATE CANCELED THROUGH APRIL 30, 2020

All pre-employment tests in Washington State have been canceled until April 30, 2020. The previous date was April 9th, but with recent updates, facility closures, and government guidelines, this step is necessary and could be modified at any time. The health and safety of our customers, our staff, and their families is of the highest priority.

We will continue to evaluate developments and make changes to this policy as necessary. When we do resume testing, there will be plenty of events for everyone to test. We are in regular communication with our public safety agency partners, assessing alternatives to the traditional testing model and our testing policies. Any future updates will be posted on the PST website and our Facebook page.

FUTURE TEST REGISTRATION

We know that there will be testing in the future - we just don't know when! We want you to be prepared for when testing begins again so we have created test events on our calendar that you can register for that will place you in a queue to be first notified. These tests are not "real" test events, they are essentially a holding area. You will be able to "reschedule" out of that event to any other event date/location at no cost. Registering now will also give you time to work on your Personal History Statement (PHS) so that your data will be ready and up-to-date to send to your departments once testing resumes.

To sign up for this placeholder event, select the May 15, 2020 test date in your category (police, fire, 911 dispatch, corrections, etc.). If you are currently registered for an exam before May 1, we suggest that you reschedule your test to this May 15 event as well.

You may also click on the test event of interest below to sign up:
